

Certificate

This certificate confirms the performance of a low temperature infrared heater. The performance was tested according to IEC 60675-3: 2020 Household electric direct-acting room heaters – Methods for measuring performance – Part 3: Additional provisions for the measurement of radiation efficiency.

Manufacturer: Promths Solar & Heating b.v.
Modelseries: n/a
Tested heater model(s): Galaxy Maxi Duo Heat
Surface material: Pressed laminated reinforced plastic with carbon-graphene inlay
Mounting position(s): Ceiling

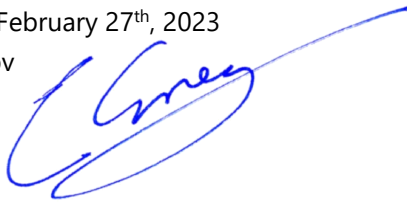

The tested product has a nominal radiation efficiency of at least 40% as determined conform IEC 60675-3:2020.

The determination of the radiation efficiency is fully described in report(s):

- BI 1332-3-RA-002 dated December 8, 2022.
